The H! Career Accelerator

FROM CONVERSATION TO OPPORTUNITY

The H! Career Accelerator is designed to help you build that shift, step by step.

Over six weeks, you will strengthen the confidence, clarity, and career capital needed to move from uncertainty to intention, from hesitation to action, and from conversation to opportunity.

This is not about becoming someone else. It is about becoming clearer on who you are, what you bring, and how to communicate that in a way that opens doors.

By the end of the programme, you will not simply have completed six sessions. You will have built a stronger way of thinking, speaking, connecting, and following through.

You will begin to see what becomes possible when you stop leaving your growth to chance and start investing in it with intention.

FROM CONVERSATION TO OPPORTUNITY

Weeks 1 to 2: Identity, Clarity and Targeting

We begin with the foundation. Before you can speak with confidence, you need clarity. Clarity on who you are. Clarity on what you stand for. Clarity on the value you bring.

These first two weeks will help you understand how you want to be remembered, what makes you credible, and how to position yourself with greater confidence. You will start shaping the language that helps other people understand you more quickly and remember you more clearly.

THIS IS WHERE DOUBT STARTS TO TURN INTO DIRECTION.

Weeks 3 to 4: Simulation and High Pressure Rehearsal

Once the foundation is in place, we move into practice. Real growth happens when you test your thinking, refine your words, and learn how to stay steady when the moment matters.

These weeks are designed to help you rehearse real conversations in a safe but stretching environment. You will practise speaking with greater confidence, asking better questions, and handling important moments with more presence and control.

THIS IS WHERE PREPARATION STARTS TO TURN INTO CONFIDENCE.

Weeks 5 to 6: Reconnection Strategy and Intention

Strong conversations are only part of the story. Growth also comes from what happens next. How you follow up. How you stay remembered. How you build momentum.

In the final two weeks, you will learn how to reconnect with purpose, deepen trust, and move from first contact to meaningful opportunity. You will also shape your personal growth plan so that what you build during the programme continues long after it ends.

THIS IS WHERE CONFIDENCE STARTS TO TURN INTO MOMENTUM.

7 SECONDS TO MAKE AN IMPRESSION

First Impressions happen fast. This section will show you how to use your seven seconds to show your best self.

EXAMPLES - DrSHIKA's PERSONAL OPENING:

"HI, I'M DARSHIKA. I HELP PEOPLE SHINE THEIR LIGHT AND CONNECT WITH CONFIDENCE SO THEY CAN OPEN DOORS TO NEW OPPORTUNITIES."

Let's dissect my opening to see what makes me stand out.

> The FEEL: Warmth, Positivity, Encouragement
> The THINK: She's confident, purposeful, and focused on others.
> The HOOK: What "shine your light" means and how she helps people do that.

The three main things to think about are the FEEL, the THINK, and the HOOK. This helps the listener want to connect with the speaker.

Your Unique Value Proposition (UVP): In my case, I don't lead with job titles or company names. Instead, I share something unique about me "I've worked across 35 countries and share best practices to help people and businesses grow." This tells people the value I leave behind when we work together, not just what I do.
